

Pro-Link, Inc. is your source for environmentally preferable quality paper products and dispensing systems.

Pro-Link Green towel and tissue products are certified by Green Seal, Inc.

Pro-Link Green towel and tissue products are made from 100% recycled wastepaper and are certified by Green Seal, Inc. in Washington, DC. The "Green Seal" means our products meet the Green Seal environmental standards for paper towels and tissue, making the Pro-Link Green products among the most environmentally preferable towel and tissue lines available in the away-from-home market.

Going Green

In the early 1990s, going green simply meant buying paper and other products that were made of recycled materials or could be reclaimed from the waste stream for some additional use. Today, green takes environmental stewardship to a whole new level. It is an approach to purchasing products and services that creates a healthy living and working environment. As a result, property managers and governments (federal, state, county and municipal) are seeking to incorporate environmental considerations in their buying decisions. Simply stated, they want a healthier environment for their tenants, citizens, and employees. Many commercial buildings and properties, lodging and hotel operations, and government facilities have mandates or policies to be green.

Pro-Link Green products can help all types of facilities achieve green status. A complete line of Green Seal certified towel and tissue products is available including roll and folded towels, bath and facial tissue, and seat covers. The Pro-Link Green roll and folded towels are available in both natural and a unique natural white paper grade.

Green Seal, Inc.

Green Seal is an independent, non-profit organization, located in Washington, DC, that strives to achieve a healthier and cleaner environment by identifying and promoting products and services that cause less toxic pollution and waste, conserve resources and habitats, and minimize global warming and ozone depletion. Green Seal has no financial interest in the products that it certifies or recommends or in any manufacturer or company. Green Seal's evaluations are based on state-of-the-art science and information using internationally recognized methods and procedures. Thus, Green Seal provides credible, objective, and unbiased information whose only purpose is to direct the purchaser to environmentally responsible products and services. (www.greenseal.org)

Green Seal Standards for Paper Towels (GS-9)

- ▶ 100% Recycled (recovered after papermaking process)
- ▶ Minimum 40% post-consumer wastepaper content (EPA guidelines)
- ▶ Wastepaper is not de-inked using solvents containing chlorine or any other chemicals or compounds harmful to the environment.
- ▶ Wastepaper is not bleached using chlorine or any of its derivatives such as hypochlorite and chlorine dioxide.
- ▶ Paper towels do not contain any added pigments, inks, dyes or fragrances.
- ▶ Product is made in accordance with reasonable industry practice with respect to holes, tears, wrinkles, cleanliness, foreign materials or dirt. Product must dispense properly from the container (dispenser) or roll.
- ▶ The cores in the roll towels are made from 100% recycled materials.
- ▶ Packaging materials cannot contain lead, cadmium, mercury and hexavalent chromium in excess of 100 parts per million (above trace levels).

Green Seal certified Pro-Link Green products are among the most environmentally preferable towel and tissue lines available in the away-from-home market.

PRO-LINK GREEN TOWELS

Pro-Link Green roll and folded towels are 100% recycled and Green Seal certified. Natural towels contain up to 82% post-consumer waste; natural white towels contain up to 73% post-consumer waste; and white towels contain up to 49% post-consumer waste. Folded towels are available in multifold, singlefold and C-fold configurations.

PRO-LINK GREEN TISSUE

Embossed for softness, 100% recycled Green Seal certified Pro-Link Green single roll tissue and jumbo roll tissue contains up to 49% post-consumer waste, which exceeds EPA guidelines.

PRO-LINK GREEN SPECIALTY PRODUCTS

Heavily embossed Pro-Link Green 2 Ply paper towels provide the softness and absorbency of household toweling and has the wet strength needed for use in business and industry. The 2 Ply paper towels are Green Seal certified and contain up to 49% post-consumer waste.

Green Seal certified Pro-Link Green Toilet Seat Covers provide maximum sanitary protection.

Pro-Link Green facial tissue offers the softness and absorbency of household tissue with attractive packaging. Facial tissue is Green Seal certified and meets EPA guidelines with 10% post-consumer waste.

DISPENSERS

16000 TOWEL DISPENSER

The towel dispenser accommodates most roll towels and provides at a glance maintenance. The push dispensing mechanism makes the dispenser easy to operate.

♿ 88901 TWIN 9" ROLL DISPENSER

This efficient side-by-side tissue dispenser holds two 9" rolls of toilet tissue. The side-by-side design features a serrated plastic edge for easy sheet tear-off and a sliding door to ensure only one roll is used at a time.

♿ 68101 CENTER PULL TOWEL DISPENSER

Center Pull dispensers help reduce cross-contamination, since users touch only the toweling they take, making them perfect for a variety of applications. The 68101 Center Pull dispenser is noiseless, has no moving parts and has a hinged door for easy loading and unloading.

♿ 88709 JUMBO ROLL DISPENSER

Jumbo tissue dispensers are ideal for washrooms with heavy traffic over a short period of time where regular maintenance is not possible. Holds 9" or 12" rolls of tissue.

51000 SINGLEFOLD TOWEL DISPENSER

The 51000 folded towel dispenser is steel painted white and can accommodate singlefold, diary and windshield towels. Made of durable steel, this dispenser keeps towels locked and secure.

19510 TOILET SEAT COVER DISPENSER

This toilet seat cover dispenser, combined with Pro-Link Green toilet seat covers, reduces maintenance and provides high-quality service users expect. The toilet seat cover dispenser two-pack capacity allows it to go longer between refills, saving you costly maintenance time.

This mark indicates that the dispenser is ADA Title III compliant. Roll towel dispensers require less than 5 lbs. of force to effortlessly dispense the towel as set forth in the ADA Accessibility Guidelines. On all ADA compliant dispensers, controls and operating mechanisms are operable with one hand and do not require tight grasping, pinching or twisting of the wrist.

PRO-LINK ROLL TOWELS

Pro-Link roll towels are 100% recycled and made entirely from recovered fibers. They contain a minimum of 40% post-consumer waste, which meets EPA guidelines. Available in Natural.
